GAMAX

Smart solutions for promotional gifts.

Manufactured and
designed in **Barcelona**

EN

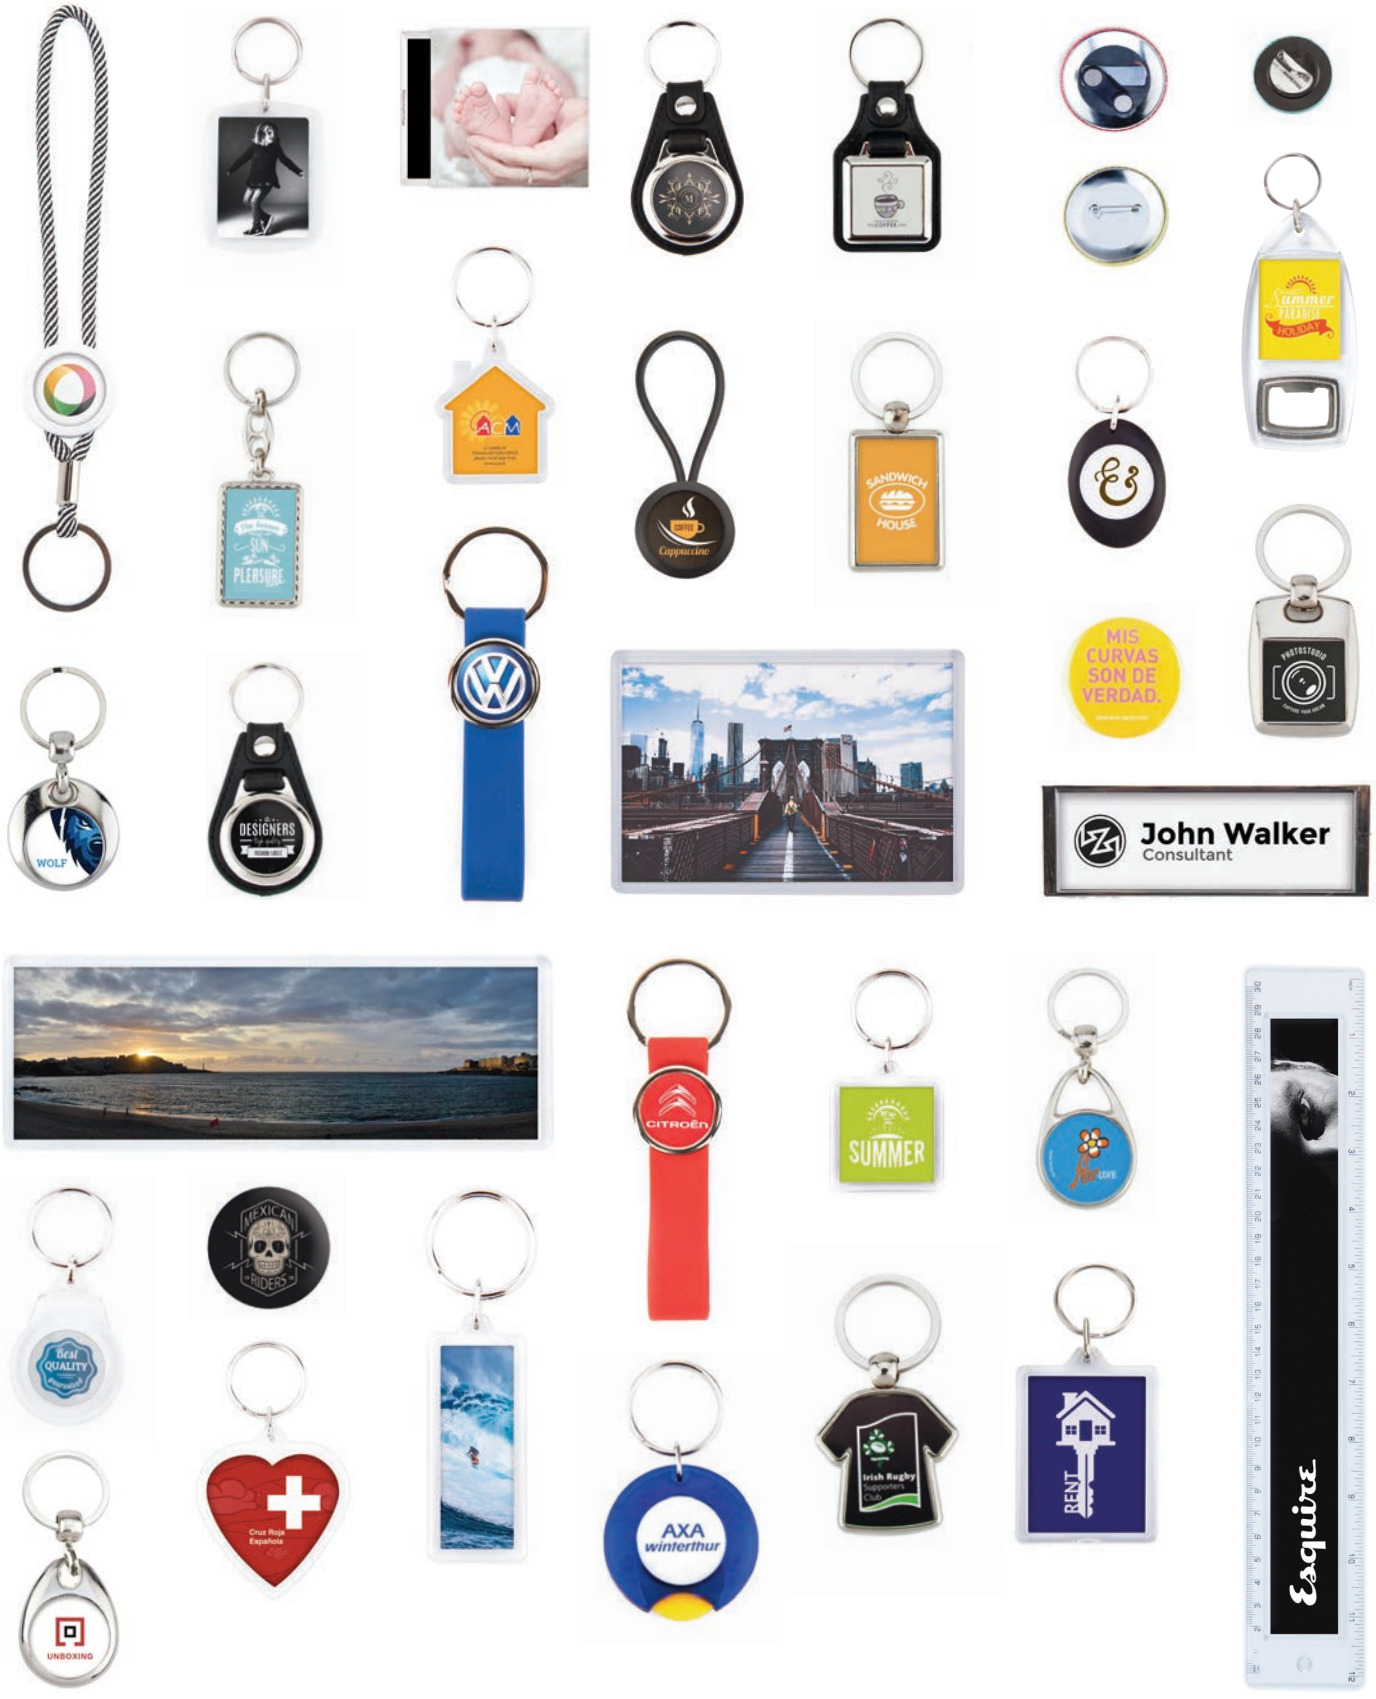
The GAMAX, S.L. company runs its activity in the promotional item market, supplying to resellers, importers and advertising agencies. Our team deals with manufacturing, logistics and sales of our main products, with high standards of specialization and organization. Such specialization gives us the best tools to offer your company a high quality product in the best delivery time.

The manufacturing of Zamac-injected keyrings, acrylic keyrings, promotional button badges, as well as machines to assemble these, is the basis of Gamax business. High quality in manufacturing, strict respect of delivery times and high customer care are the principles that support our daily round.

Our system keeps working thanks to the trust we are given by our customers and resellers, main actors of the GAMAX system's success. A machine that permits me to customize keyrings, just using any type of printed paper? For this amount only? Go ahead and found a system that will not leave you indifferent

Applus ISO 9001 Systems Certification

GAMAX



YOU PRINT THE BRAND,

WE SUPPLY THE PRODUCT

DESIGNED AND PRODUCED IN EUROPE

As a company placed in Europe, We comply with all ethical, environmental and quality standars that provides UE´s brand.

PATENTED PRODUCTS

We protect our ideas through our patents. Most important is our exclusive designs which are usable only by our assembly system.

DO IT YOURSELF!

The real “leitmotiv” of our business.
We have created a system where our clients are able to control the design and final production of the goods themselves.

ALL THE DETAILS UNDER CONTROL

We manufacture in our company, obtaining an overall control of the production process. From sourcing raw material to designing packaging.

Do it yourself!

1. DESIGN & PRINT AT YOUR OFFICE

Donwload all the templates at
www.idgamax.com

2. CUT THE PAPER WITHIN OUR CUTTING TOOLS

You will find them on pages **10-11, 54-57** and **66-67**

3. ASSEMBLE AND CUSTOMIZE THE CHOSEN PRODUCT

On each page you will find the necessary tools required to assemble the different references.
Always done, nice and easy

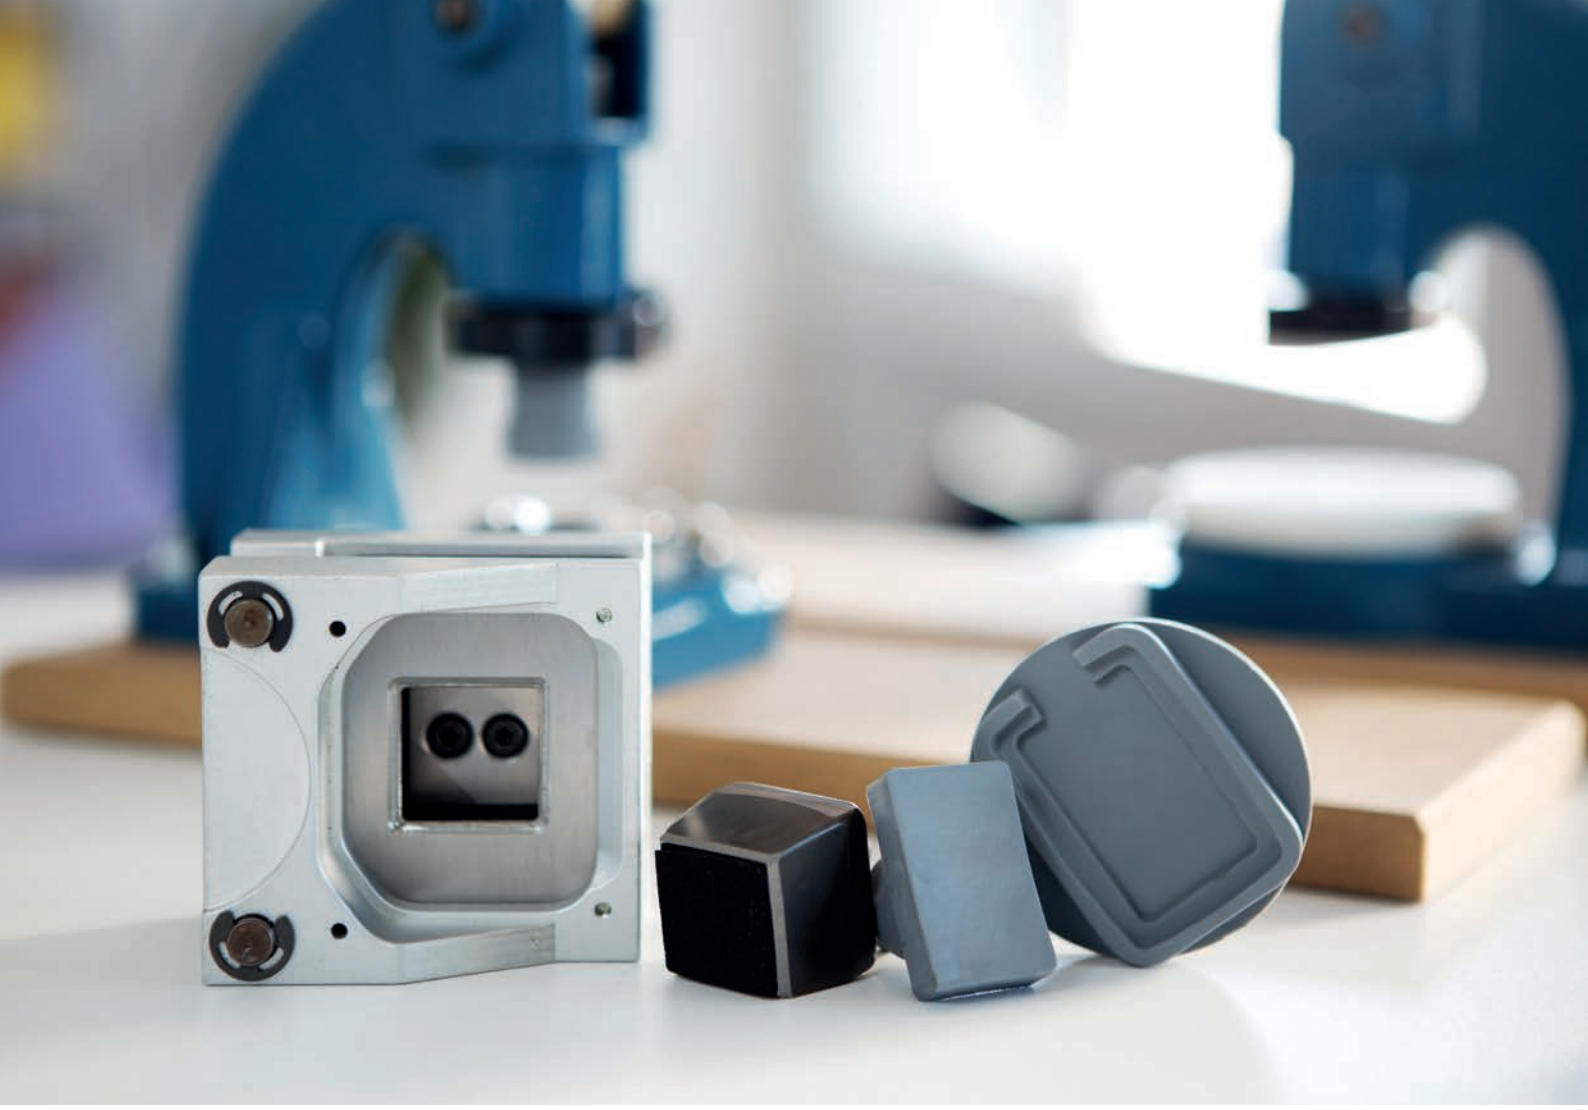
4. READY FOR YOUR CUSTOMERS!

Tell nobody how easy that was,
Keep it as a secret between the two of us

All at your fingertips

Most part of our products are available in stock, ready for its shipment. The advantage of self-manufacturing, gives us the required flexibility to reach optimum storage of our products.

KEYRING'S MACHINES



MACHINE C-25

24,5x15,5x9,5 cm

REF: 025000

C-25 machine has 2 functions:
A. Paper cutter with different tools
B. Keychain assemble on the assembling tools

For a correct functioning of the machine, it must be fixed on the wooden base.

LIFETIME WARRANTY

Video

DIE-CUTS

The die-cuts are made of tempered steel. You can cut several papers at a time. It is cost effective tool that helps to obtain effectiveness in production.

REF:
UC-P18 (025018) Ø18mm
UC-25R (025025) Ø25mm
UC-30R (025030) Ø30mm
UC-33R (025033) Ø33mm
UC-37R (025037) Ø37mm

PUNCH CUTTERS

Displayed better cut than with the die cut area.
These punch cutters are only suitable for cutting one paper (max. 150gr.)
Easy to use, reliable and endurable.

STAMPING

Multiple surface finishes for a button. All we can print on paper, we can capture it on an original and exclusive button.

Metallic thermal printing, different colors of material for metallic effects, both bright and matte.
FLUO effect or luminiscent screen printing.

CH-Ø56 · BIOBUTTON

REF: 000356 (needle bio)

Assembly with machine B500/56 Biobutton **Ref:** 00556B

NEW

Discover the first biobutton of the world!

Buttons are nice promotional products with a catchy effect. However its life cycle is limited.
80% are discarded, consuming limited resources. That is why the new BIOBUTTON is 100% biodegradable.

A new and unique product!

It's sustainable

It gives a brand image with high social responsibility. Sustainability at a fair price

100% Biodegradable

It protects the environment and it is recyclable. Made of wood fibers and neutral in CO^2 emissions.

Appealing look

Its materials provide colors similar to nature, it has a soft touch and high quality finish.

PACKAGING

We love button badges, and therefore we design custom packaging that will make your badges look amazing. Several packaging solutions for a classic single gift.

Use your buttons to create keyrings and lanyards

No extra machine required, just by using your current button machine

We offer you different items to convert your buttons into keychains on a do-it-yourself simple way. Upgrade your possibilities by expanding your catalogue.

Make a flat back button, add a sticker on it, stick it to a keyring or lanyard base. This is it!
